Dan,

As long as you do not offer clinicals, practicums, internships and ONLY online programs, you are all set.

Take care - Patti

Dr. Edes,

I have not communicated with you since the middle of February. Please excuse this delay. Below, is the text of an email I sent to you. As you will note, we decided to remove the internship component for our online students. I am asking for confirmation that we can offer online education in the state of New Hampshire.

We are required to place something on our web-site for each state in which we have approval. Do you have a specific statement you would like us to use?

Thank you for your response.

Dan Howell
