

## **Covid Update March 1, 2022**

Good afternoon Northpoint,

The taskforce wanted to make our community aware that since February 17, we have had two faculty, two staff members and one student test positive with Covid. By now everyone is almost out of isolation and doing well. Please remember to be cautious as you go home for spring break. Enjoy your time off, but if you get sick while you are away and or are not feeling well upon your return, please let the taskforce know [taskforce@northpoint.edu](mailto:taskforce@northpoint.edu).

Thank you and enjoy your break!

Amber Phillips behalf of the Covid Taskforce
