

Covid Update: April 11, 2022

Hello Northpoint,

The Covid taskforce wanted to make our community aware that over the weekend we were informed that one of our visiting experiencers tested positive for covid. We have two in quarantine because of close contact with this individual. As always remember to be cautious around others and if you are not feeling well, wear a mask, let your RD or RA know, and email the taskforce at [taskforce@northpoint.edu](mailto:taskforce@northpoint.edu).

Thank you,

Amber Phillips – behalf of Covid taskforce
